# ABOUT THE GLOBAL WEEK FOR ACTION ON NCDs

The annual Global Week for Action on NCDs seeks to ensure NCD prevention and care get the attention and action they deserve, everywhere, for everyone.

The goals are to:

- **Raise awareness** of the scale, impact and urgency of NCDs
- **Strengthen political commitment** by governments and agencies
- **Establish NCDs as a priority investment** for health and development
- **Strengthen the NCD movement**, particularly the voices of people living with NCDs and youth

The campaign calls on everyone to get involved - no action is too small; no voice is insignificant. There are many actions you can take, from creating your own message for social media or writing a letter to your Minister of Health, to convening an NCD alliance in your country or region.

# THE 2024-2025 CAMPAIGN

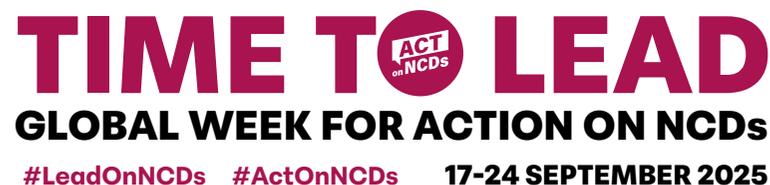

In 2024 and 2025 the campaign will focus on the theme of leadership. It will call on leaders worldwide to step up and embrace a bold approach to reduce the burden of NCDs. It's not just about making global promises—we need leaders at the top to roll up their sleeves and take real action on a local level. Policymakers and other leaders have a crucial opportunity to put in place practical, affordable solutions for NCDs. This isn't just about paperwork; it's about saving lives and making sure the future is brighter for everyone they represent.

In 2025, the campaign will be preceded by the Global NCD Alliance Forum in Kigali, Rwanda (13-15 February). The Forum has a track record of convening policy, advocacy, and practitioner leaders from the NCD field, serving as a fueling station of ideas and a generator of NCD action. Themed on **Leadership on NCDs towards 2025 and beyond**, it will be a unique opportunity to mobilise the NCD community around the campaign's advocacy priorities.

This year, the Global Week for Action on NCDs will come back to September (17-24), as it has been a tradition since 2018 when it was first launched, in order to coincide with the fourth UN High-Level Meeting on NCDs.

In the lead-up to and during the week, we encourage you to use the logo and campaign resources to call on friends, peers, colleagues, your community, and policymakers to **#LeadOnNCDs!**  
**#ActOnNCDs!**

## 2024-2025 APPLICATIONS

# TIME TO LEAD

The campaign theme for 2024 and 2025 is “**TIME TO LEAD**”, which is accompanied by our Act on NCDs logo, and two main hashtags: **#LeadOnNCDs** and **#ActOnNCDs**.

We have also introduced a new colour palette and graphic motifs. We invite you to use and adapt the different elements to your own contexts and needs. Examples are shown on the following pages.

## GENERIC SLOGAN TYPOGRAPHIC VERSION+ LOGO ActOnNCDs

For social media use or other materials that may require the reduction in size of the main version of the logo, and to ensure legibility, tagline and ActOnNCDs logos can be used separately.

In this option, the tagline will appear in its own typography, Peridot, keeping the composition and data of the complete version.

The campaign logo will be preferably placed in the upper left side or lower right side in a size that is optimal for visualisation.

In the following pages we show some options for logo placement.

## 2024-2025 CAMPAIGN TYPEFACE

The main font is **Peridot PE Variable**, which is used in the logo Time to Lead. We recommend its use for **titles and subtitles, in banners and publications**.

For the **body text**, the font of the ActOnNCDs logo, **Acumin**, will be utilized to maintain the primary typography that has been employed in campaigns preceding 2024. This choice is due to its excellent legibility and the typographic versatility it offers, enabling the adaptation of content across various mediums such as text for reports, publications, infographics, and other materials.

The colours of this guidebook can be used in titles, subtitles and when you wish to highlight text, for example hyperlinks.

The body text will be 100% black.

*When it is not possible to use these typefaces, the alternative fonts on the next page may be used.*

**Be Vietnam Pro**, for titles and subtitles

<https://fonts.google.com/specimen/Be+Vietnam+Pro>

**Roboto** pfor body text, these fonts can be

Downloaded and installed on your computer.

<https://fonts.google.com/specimen/Roboto>

**Arial** font can also be used as an alternative as it is available as a default font in most computers and applications.

“  
I'm taking the lead to raise awareness about NCDs, particularly kidney failure, amongst both the general public and medical professionals. My goal is to ensure that communities have a better understanding of these issues, leading to increased diagnosis, prevention, care, and support. World leaders can take the lead by investing in preventive measures, improving care, and enhancing support systems for those affected by NCDs.”

“  
I have always felt my voice is my power. So I may not have a lot, but when I open my mouth and speak, I shake the walls and that is when I use as my power. The story of going through an NCD is actually the flame to the fire. And once the flame ignites things happen. Maybe not today, but tomorrow or the next day. The flame of the NCD fight is actually in the lived experience. So I have dedicated my life and continue to dedicate my life to speak, to advocate, to push for better treatment, not just for myself, but for generations to come.”

Founder Cancer Survivors Quest

"My advice for future NCD advocates is to face challenges head on. You will face challenges, but they will make you who you are. The challenges will build you up and you should never let them bring you down. Overcoming those challenges is the best feeling in the world. Right now, the biggest challenge and my greatest hope is for a future where Malawi and beyond people with NCDs are able to receive the help that they need."

We have doctors, hospitals, and the government involved, but it's easy to forget about the people dealing with these conditions every day. Whether it's someone like me managing type 1 diabetes or others facing different health issues, we need to remember that it's their needs and experiences that matter most. ## Use of the NCD Alliance logo

When referencing the Global Week for Action on NCDs campaign, always use the branded assets included within this guide. Please note that the NCDA logo cannot be used without explicit permission from NCDA.

**As this campaign is coordinated by the NCD Alliance, NCDA will apply the NCDA logo to some resources and campaign materials. If your organisation would like to use NCDA's logo, please contact [info@ncdalliance.org](mailto:info@ncdalliance.org)**
